Go Direct To The Care You Need

Small Animals

Hird and Partners are well equipped to care for individual

Small Animals Home

Equine

We offer a comprehensive range of ambulatory, clinic and hospital-based equine services

Equine Home

Farm Animals

Hird and Partners have an established history for the treatment of farm animals

Farm Animals Home

Hird & Partners is a long standing and well-established practice based in the heart of Halifax, West Yorkshire and offers a friendly, caring and professional service for creatures great and small.

When John Hird took over the practice in 1977 from John Abbott, the premises at Blackwall had been a veterinary surgery for nearly 200 years. The practice grew and became Hird & Partners in 1993 and we are proud to have a dedicated equine clinic in Shelf, Cheshire and Sheffield and small animal branch surgeries in Ripponden and Walsden.

In 2015 the small animal practice moved from Blackwall to a new, purpose build site on King Street that offers a modern range of diagnostic and surgical facilities that compliment our friendly and experience team.

Holding Tier 2 accreditation of the Royal College of Veterinary Surgeons Practice Standards Scheme, you can rest assured of our commitment to provide the highest standard of veterinary care possible to your pets, and you, our clients.

The practice has 20+ veterinary surgeons with a broad variety of skills and areas of interests to ensure a high standard of patient care, compassion and service, day or night. Alongside our vets, we have a dedicated and extensive team of support staff, including veterinary nurses, receptionists and administration staff.

Proudly independant, we carry out all our own emergency cover out of hours, meaning our clients have access to our own veterinary surgeons and do not have to attend an unfamiliar surgery and deal with unfamiliar staff.
